SIRE PERMIT FOR ARTIFICIAL INSEMINATION

PERMIT NO.: 5005754	DATE: 04/10/07
----------------------------	-----------------------

Having properly applied for a permit and complied with blood typing requirements prescribed by the Board of Directors of the American Hereford Association, permission is hereby granted to:

7507811
KARL E OR NANCY FALSTER
2112 CR 4778
FALSTER FARM
WINNSBORO TX 75494-6410

To record calves produced by artificial insemination from semen from the below named Hereford bull and to obtain from AHA certificates of service which may be sold to and used by non-owners of this sire to record his offspring:

42514320
KNF CIBOLO

The recipient of this permit has signed an official application agreeing to comply fully with the rules of the American Hereford Association concerning registration of calves conceived naturally or artificially. The holder of this permit may secure from the Association, A.I. certificates of service to be used by buyers of this bull's semen in recording A.I. produced calves under the rules of this Association.

The recipient of this permit has agreed that the information on Performance pedigrees and/or sire evaluation reports or other reports developed under the Hereford Performance Program of the American Hereford Association or similar programs may be made available to anyone who requests it.

EXECUTIVE VICE PRESIDENT
AMERICAN HEREFORD ASSOCIATION
